

# NEW 3PL WAREHOUSING AND LOGISTICS CENTER IN PANEVĖŽYS '1962'

## WAREHOUSING AND STORAGE

- Long-term and short-term goods storage;
- New warehouse equipment: hydraulic ramps, mezzanine racking system, new forklifts, elevator, fire protection system and temperature monitoring.

## PACKAGING AND LABELING

- Goods inspection;
- Cargo weighing;
- Goods labeling, label application & insertion of other printed information into packages according to customer requirements.

## LOADING/UNLOADING OF PRODUCTS

- Preparation of goods for transportation;
- Freight elevator with a 2.5 ton capacity and a pallet lift.

## INVENTORY MANAGEMENT

- Detailed inventory and control of goods;
- We have a warehouse management system that ensures fast data exchange.

## TRANSPORTATION / SHIPPING

- International and domestic cargo transportation;
- Door-to-door delivery worldwide with international couriers such as DPD, Hermes, DHL, UPS, Omniva, Venipak and others;
- Preparation for transportation, including all necessary documents.

## CARGO LIST

Pre-packaged non-perishable food products not requiring temperature control

Non-alcoholic beverages

Automotive parts

Household goods

Furniture

Textiles

Industrial goods

Cosmetics and hygiene products

Oilseed crops and fruits

We can also assist you if you are dealing with only part of the processes, such as pallet storage and shipment delivery to your customers worldwide

# ABOUT US

1

## WE ARE NEW TO THE MARKET

We are flexible and adapt to our clients' needs. Although our warehouse center is new, our team from GTV Group has over 20 years of experience selling goods worldwide through various e-commerce platforms.

2

## WAREHOUSE MANAGEMENT SYSTEM

We have implemented an automated Barcode system ensuring rapid data exchange.

3

## NEW 2022 WAREHOUSE CONSTRUCTION

- Dust-resistant coating;
- Insulated roof;
- New electrical installation;
- Mezzanine racking system;
- New forklifts;
- Temperature monitoring.

4

## LONG-TERM E-COMMERCE EXPERIENCE ON VARIOUS PLATFORMS AND THEIR INTEGRATION

We can handle the integration of sales platforms such as Etsy, WooCommerce, Shopify, Amazon, eBay and more. Our software package allows automatic notification to the 3PL service provider when an order is received from one of the supported online stores.

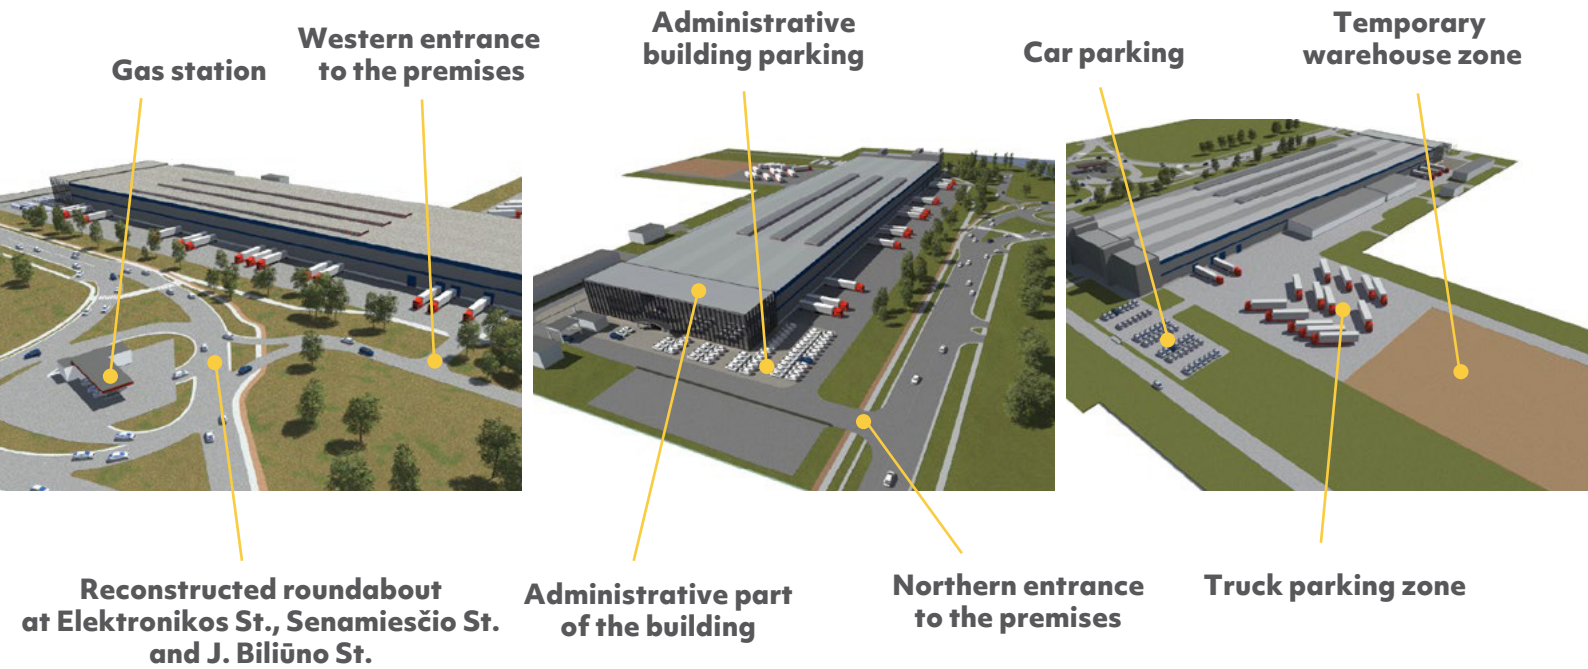

**2022**  
construction

**24,000 m<sup>2</sup>**  
area

**22,000**  
pallet spaces

**5,000 m<sup>2</sup>**  
mezzanine shelving

# STRATEGICALLY CONVENIENT LOCATION

- 1 km distance from the E67 (Via Baltica) road
- Major Lithuanian and foreign cities and their airports are conveniently located nearby.

# 1962

## Logistics & Warehousing

### HISTORY

**Located in the heart of Panevėžys, 1962 carry a unique history. The facility has been restored from the former "Ekranas," once known as the largest producer of color cathode-ray tubes in the Baltic region.**

**The legacy of this building is reflected in 1962 — the year when AB Ekranas began production.**

Elektronikos g. 34, Panevėžys. 35116
